DOUBLE KIT

 **Bluetooth™**
5.0

 Dual Bluetooth® module

 Conversation between intercoms with radio/gps/music in background

 Voice command

 Group conference up to **8 intercoms**

GENERAL FEATURES

- Talk time: up to 20 hours
- Standby: 1000 hours
- Charging time: 80% charged in 1 hour
- Advanced Bluetooth® 5.0 technology for improved noise cancelling
- Direct function buttons (Quick Touch)
- User-friendly interface

ADVANCED FEATURES

- Dual Bluetooth® module
- TTS - Caller ID reading
Genius Pairing: pairing between 2 or more intercoms by simply turning on one device
- Smartphone App: compatible with iOS and Android.
Allows intercom configuration and control directly from the Smartphone
- Audio multi mix: listen to music or GPS uninterrupted. You can communicate in intercom mode and listen to another audio source in the background
- Voice commands: control the main intercom functions with simple voice commands
- Anycom: allows communication with all Bluetooth® intercom devices by different brands, in full duplex mode
- Automatic reconnection: if the intercom connection is lost, it will be automatically reactivated as soon as coverage is restored

INTERCOM MODE

Multi-user, up to 8 people, even on different motorbikes

INTERCOM RANGE

Up to 1.7 km in full duplex

MOBILE PHONE

- Speed dial: possibility to store one telephone number, with rapid redial via intercom command
- Voice call (depending on mobile phone model)
- Last number redial
- Shared telephone conversation with passenger

BUILT-IN FM RADIO

- 88.0 MHz to 108 MHz receiver
- RDS function (adjusts to best frequency depending on area)
- 8 pre-set stations
- Automatic storage of first 8 most powerful stations
- Automatic radio mute for incoming calls

GPS

- Compatible with most major Bluetooth® navigation devices for motorcycles
- GPS voice instructions
- Compatible with most major smartphone navigation Apps

MP3 / MUSIC

- Wireless MP3 music (A2DP/AVRCP) through Smartphone and MP3 player
- Song Sharing: music sharing between rider and passenger

BLUETOOTH® COMMUNICATION

FIRMWARE UPDATE

- Firmware update-ready directly from PC (Windows and MacOs)

COMPATIBILITY WITH

- Majority of helmets on the market
- All smartphones equipped with Bluetooth® technology
- GPS navigation devices with Bluetooth® technology and HFP profile
- Intercoms by other brands
- Earlier Interphone models

WATERPROOFING

- Waterproof level: IP67

AUDIO

- Voice Synthesis(TTS) for telephone call name readouts
- Control with multilingual voice commands
- Pre-recorded voice messages (with updatable multilingual packages)
- Directional wind-proof microphone
- NDVC - noise dependant volume control
- Dual volume adjustment mode
a) for jet and modular helmets - b) for full face helmets

CHIPSET/BATTERY/CHARGER

- Dual chip Bluetooth® chipset for extended connectivity and audio multi mix
- Bluetooth® version 5.0
- "Infinity" battery with record autonomy
- Fast charge: recharges intercom at maximum speed. In just 60 minutes, 80% of the battery will be charged. 20 minutes of charging is equal to approximately 6 hours of conversation. Furthermore, thanks to the electronic protection circuit, the battery is protected and charging is optimised
- USB connector charging cable microusb
- Connectors for microphone and speaker (MINI USB) and for charging, data and AUX (MICRO USB)

PACK CONTENTS

- Control unit rapid release system
- Double installation bracket for helmet (clip and adhesive)
- Internal audio unit with ultra-thin earpieces
- Boom microphone (jet and modular helmets) and adhesive pad microphone (full face helmets)
- Micro USB data and charging cable

DIMENSIONS

Weight: 64 g
Length: 86.9 mm
Height: 50.4 mm

* Results may vary depending on environmental factors, such as terrain and electromagnetic pollution
** Reduced operational range when connected to earlier Interphone models
